Hubert -

Thanks so much for a great experience this morning. All of us enjoyed working with you. I think Tina and Kelly feel a lot better knowing what a positive thing a QI can be.

I won't be back in July---maybe the next time around. I admire your work and have enjoyed dealing with you. You are punctual, concise, accurate, and knowledgeable. What more could you want from a coworker?

Thanks,

Rosie Clifford, Shot Nurse

New Mexico Department of Health Contractor
